

Application for Agoda Internship - Masoom Sahu

Dear Hiring Team,

I am excited to apply for the internship opportunity at Agoda from July to December 2024. As a **third-year undergraduate student at NIT Silchar**, I bring a unique blend of skills and experiences that I believe align well with Agoda's innovative approach to technology and collaborative work environment.

My journey in web development and technology has been driven by a passion to create impactful solutions. As a **Core Member** of the **Google Developers Student Club** at NIT Silchar, I have honed my expertise in **React JS, Next JS, SQL, Node JS, and Prisma** with **MongoDB** for backend development. This hands-on experience has not only strengthened my technical proficiency but also instilled in me a deep understanding of agile development practices.

Participating and finalist in hackathons like **DPBH 2023, Flipkart Grid, and GDSC Explore** has equipped me with the ability to deliver high-quality results under tight deadlines. Additionally, I have demonstrated leadership and management skills by **successfully organizing major technical events like NITS Hacks and GDSC Explore**, fostering teamwork and driving successful outcomes.

My entrepreneurial spirit, coupled with a strategic mindset developed through winning college events and **engaging in Case Study, Market Research, and Analysis**, further complements my technical abilities.

I am particularly impressed by Agoda's commitment to innovation and diversity. I am confident that **my dedication to learning, problem-solving skills, and eagerness to contribute** to impactful projects make me a strong candidate for this internship opportunity.

Thank you for considering my application. I look forward to the opportunity to contribute to Agoda's success and learn from the talented team at your esteemed organization.

Best regards,
Masoom Sahu
NIT Silchar
3rd year undergrad.
